Willemen Bouw

#### Location

Boslaan  
3650 Dilsen-Stokkem Belgium  
Limburg BE

#### Client

Agentschap Wegen en Verkeer  
Limburg

#### Architects

BUUR

#### Span

34m

#### Project website

[Ecoduct Boslaan](#)

Commissioned by the Agency for Roads and Traffic (AWV), Franki Construct will build a cycle bridge and an ecoduct over the Boslaan (N75), near the Sparrendal recreation area in Lanklaar. This should allow cyclists, pedestrians and animals to move safely between the nature areas of the Hoge Kempen National Park that the Boslaan currently cuts through. The project is done in cooperation with the Agency for Nature and Forests, the Department of Environment, the Department of Mobility and Public Works, the Regional Landscape Kempen & Maasland, the city of Dilsen-Stokkem & VAPEO (Vlaams Actieprogramma Ecologische Ontsnippering).
