Engineering Office
Abcis-Van Wetter (stabiliteit), VK Engineering (technieken), Venac (akoestiek)

Surface area above ground
23 240m²

Surface area subterranean
13 050m²

Design & Build of the new Spoor Noord campus for 3,500 students of the Artesis Plantijn Hogeschool. The new building—an architectural masterpiece—has nine auditoriums for 70 to 250 people, 118 classrooms with 12 to 70 seats, 8 lifts, a library of 900m², a cafeteria with 700 seats, administrative offices, study areas and an underground car park. In order to realise the large overhang of the building, we devised a complex caisson construction in the roof volume of the building.
