This project includes the demolition, rebuilding, renovation and partial renewal of existing old municipal warehouses on the abbey site. They are being converted into a cultural centre with banquet hall, library, music school and day care.

- Steel footing
- Concrete structure (7,500 m³) and concrete masonry (3,800 m²)
- Roofing in zinc that is supported by steel trusses (70 tonnes)
- The façade consists largely of Corten steel (1,250 m²).
