

Bridge over Moerbrugsestraat - Oostkamp

Project Details

Activities

Civil Engineering
Bridges

Contractors

Willemen Construct

Location

Moerbrugsestraat
8020 Oostkamp Belgium
West-Vlaanderen BE

Client

Infrabel

Engineering Office

Tuc Rail

Construction period

1 year 7 months

Start work

11-2016

End of work

06-2018

The project involves replacing the arch bridge over Moerbrugsestraat in Oostkamp, widening the bridge over the River Brook and adapting the Moerbrugsestraat road alignment between Rivierstraat and Stationsstraat. The new arch bridge consists of two lanes for motorised traffic and a cycle path along both sides.

- Foundation, sub- and superstructure of the bridge;
- Adjustment of cross-section and longitudinal profile;
- Local adaptation of overhead lines and signalling.
