#### Engineering Office

Arcade Concept Engineering

#### Special features [LEAN](#)

#### Construction period

6 months

#### Start work

06-2018

#### End of work

12-2018

For Antwerp University Hospital, we built a brand-new 27,000 m<sup>2</sup> visitor car park with 960 spaces spread over four floors. The car park consists of a prefabricated concrete structure and is equipped with an intelligent parking system. Thanks to extensive LEAN planning, we were able to deliver the project ready for use in less than 8 months.
