

## IMEC Cleanroom - Heverlee

### Project Details

**Activities**  
Buildings  
Industrial & logistics

**Contractors**  
Willemen Construct

**location**  
Kapeldreef 75  
3001 Heverlee Belgium  
Vlaams Brabant BE

**Client**  
IMEC

**Price**  
€19.000.000

**Architects**  
M+W Group

**Temporary partnership**  
Willemen General Contractor,  
Aannemingen Janssen, Van Laere

**Engineering Office**  
Abetec

**Construction period**  
11 months

**Start work**  
12-2014

**End of work**  
11-2015

Thanks to this state-of-the-art laboratory, Leuven-based nanotechnology company imec, together with its global partners, is able to carry out further research into new technologies to make microchips even more powerful, more efficient, smaller, and more energy-efficient. The cleanroom is equipped with the latest gadgets and a 'waffle table', so that vibrations are not possible. This is important because nanotechnology requires extreme precision. In addition, the cleanroom cannot contain any dust particles. That's why there's constant air circulation.

### Willemen Construct

Boerenkrijgstraat 133  
2800 Mechelen, Antwerpen  
(Belgium)
